Who We Are, What We Do

Gordon Jones, President; Beth-Marie Stacey, Sadaf Farooqui

Concierge of Boston provides corporate and business support services to hundreds of local, regional, national and international companies. Boston's original concierge service, Concierge of Boston was created by Boston businessman Gordon Jones in response to the needs of businesses large and small.

Since 1988 we've assisted clients with all aspects of business support as well as a myriad of leisure time activities. We have a proven track record as a time and cost efficient service and an indispensable corporate tool. Let us provide your company with a competitive edge through our personal attention and our carefully developed database of products and services.

Because of our volume purchasing power, in most cases we are able to procure services and products at lower than market rates. This means savings for your company, without compromising quality. Our careful screening has provided our clients with the very best services available— removing the risk associated with utilizing a service for the first time.

There is no limit to how often you use our services, and membership fees are structured to meet the unique needs of your organization. We encourage our clients to call, no matter how small the request!

Concierge Event Review

Jacqueline Kennedy: The White House Years

Concierge of Boston and selected clients attended a reception hosted by the John F. Kennedy Library and Museum and Gourmet Caterers, Inc., celebrating the opening of the new exhibit "Jacqueline Kennedy, The White House Years" on Wednesday, October 10.

The reception was sited in the Museum's towering atrium, and a string quartet greeted guests at the entrance. With décor in Jackie's classic pink, and a perfect sunset over the harbor serving as a dramatic backdrop, the setting was breathtaking. The venue perfectly complimented the celebration of the style, character and personality of America's youngest First Lady, Jacqueline Bouvier Kennedy.

Kennedy Library and Museum celebrating the opening of "Jacqueline Kennedy: The White House Years".
